TIMOTHY L. DEFOOR
AUDITOR GENERAL

Mr. Kenneth Barron, President
Cornplanter Township Volunteer
Firefighters' Relief Association
Venango County

We have conducted a compliance audit of the Cornplanter Township Volunteer Firefighters' Relief Association (relief association) for the period January 1, 2023, to December 31, 2024. The audit was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania; Section 403 of The Fiscal Code, 72 P.S. § 403; and the Volunteer Firefighters' Relief Association Act ("VFRA Act"), see 35 Pa.C.S. § 7418.

The objectives of the audit were:

1. To determine if the relief association took appropriate corrective action to address the finding contained in our prior audit report.
2. To determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds.

Our audit was limited to the areas related to the objectives identified above and was not, nor was it required to be, conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief association funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objectives. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2023, to December 31, 2024:

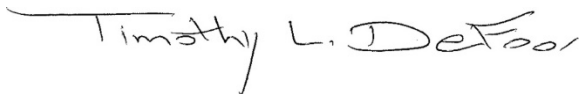

- The relief association did not take appropriate corrective action to address the finding contained in our prior audit report, as detailed below, and discussed in the Status of Prior Finding section of this report.
- The relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, except as noted in the findings listed below and discussed later in this report.

Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure To Maintain A Complete And Accurate Cumulative Equipment Roster And Failure To Conduct An Annual Physical Inventory Of Equipment

Finding No. 2 – Unauthorized Expenditures

Finding No. 3 – Failure To Update Relief Association Bylaws

The contents of this report were discussed with the management of the relief association and, where appropriate, their responses have been included in the report. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania,¹ Section 403 of The Fiscal Code,² and the Volunteer Firefighters’ Relief Association Act (“VFRA Act”),³ the Department of the Auditor General’s duty is to audit the accounts and records of every volunteer firefighters’ relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, commonly referred to as Act 205,⁴ are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters’ relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters’ relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters’ relief associations receive public tax monies, and the relief association officers therefore have a responsibility to the public to conduct the relief association’s financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all relief association transactions. Volunteer firefighters’ relief association officers are also responsible for ensuring that the relief association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters’ relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

The relief association was allocated state aid from the following municipality:

<u>Municipality</u>	<u>County</u>	<u>2023</u>	<u>2024</u>
Cornplanter Township	Venango	\$11,716	\$11,886

¹ Pa. Const. Art. VIII § 10.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
STATUS OF PRIOR FINDING

NONCOMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The relief association has not complied with the following prior audit finding. This finding is noted below and discussed in detail in the Findings and Recommendations section of this report:

- Failure To Maintain A Complete And Accurate Cumulative Equipment Roster And Failure To Conduct An Annual Physical Inventory of Equipment

We are concerned by the relief association's failure to correct this previously reported audit finding. The relief association management should strive to implement the recommendation and corrective action noted in this audit report.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

**Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure To Maintain
A Complete And Accurate Cumulative Equipment Roster And Failure To
Conduct An Annual Physical Inventory Of Equipment**

Condition: The relief association failed to maintain a complete and accurate cumulative roster of equipment owned by the relief association. Although a roster of relief association owned equipment was provided during the current audit, the roster was incomplete and did not accurately identify all equipment owned by the relief association. In addition, there was no evidence that a physical inventory of equipment was conducted on an annual basis to account for the equipment owned by the relief association.

A similar condition was noted in our two prior audit reports.

Criteria: Prudent business practice dictates that the relief association establish adequate internal control procedures to ensure the maintenance of a complete and accurate cumulative roster of equipment purchased by the relief association and that the performance of an annual physical inventory of all equipment is documented. A complete and accurate cumulative equipment roster of all relief association purchased equipment should include the following:

- Types of equipment purchased
- Dates of purchase
- Unit costs
- Names of suppliers from which the equipment was purchased
- Serial numbers, if applicable
- Current location(s) of items
- Final dispositions if damaged, sold or disposed of
- Evidence of the performance, date, and results of an annual physical inventory

Cause: The relief association officials did not provide a reason why this occurred despite the relief association being notified of these conditions during the two prior audits.

Effect: Continued failure to properly record equipment purchases in a complete and accurate cumulative equipment roster prevents relief association officials from effectively monitoring the relief association's equipment purchases. In addition, failure to maintain a complete and accurate cumulative equipment roster and failure to perform an annual physical inventory of the equipment prevents adequate accountability for, and safeguarding of, relief association assets.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

Recommendation: We again recommend that the relief association officials maintain a complete and accurate cumulative equipment roster of all relief association equipment. Furthermore, the relief association should ensure an annual physical inventory of all relief association purchased equipment is performed and documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: We are concerned by the relief association's failure to correct this previously reported audit finding and strongly encourage timely implementation of the recommendation noted in this audit report.

Finding No. 2 – Unauthorized Expenditures

Condition: During the current audit period, the relief association incurred the following expenditures that are not authorized under the VFRA Act.

<u>Date</u>	<u>Check No.</u>	<u>Description</u>	<u>Amount</u>
08/14/2023	362	Affiliated fire company bond policy premium	\$ 575
10/27/2023	Debit	Payment of sales tax	11
05/21/2024	1013	Payment of sales tax	6
08/20/2024	1022	Payment of sales tax	15
Total			<u>\$ 607</u>

In addition, in the post audit period, the relief association incurred additional expenditures totaling \$14 for the unauthorized payment of sales tax on purchases that were authorized under the VFRA Act.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Criteria: Section 7416(f) of the VFRA Act states:

The funds of any volunteer firefighters' relief association may be spent:

- (1) To pay for such normal and reasonable running expenses as may be appropriate to the businesslike conduct of the affairs of the association, including legal fees, rental or purchase of offices, payment of reasonable compensation of employees and purchase of office equipment and supplies.
- (2) To purchase contracts of insurance which, at a minimum, shall afford financial assistance to active members of the fire service represented by the association against losses due to injury suffered in the fire service and may also provide, in the order named: (i) for payments to the surviving spouse or other dependents of a member in the event of the member's death; (ii) for protection of active firefighters against disease; (iii) for replacement or purchase of prosthetic devices such as visual aids, hearing aids, dentures, braces, crutches and the like, where those devices have been lost or damaged while the owner was engaged in the fire service or where the need for those devices arose because of functional impairment attributable to participation in the fire service; (iv) for repair or replacement, if necessary, of articles of clothing or pocket pagers damaged or lost in the course of participation in the fire service; and (v) for disability incurred after service for a minimum of 20 years as a volunteer firefighter.

In addition, Section 7418(b) of the VFRA Act states:

- (b) Findings -- If the Auditor General finds that money received by a volunteer firefighters' relief association has been expended for a purpose other than one authorized by this subchapter, the commissioner, upon receiving notice of the finding from the auditor general, shall decline to approve payment to the volunteer firefighters' relief association until the improperly expended amount has been reimbursed to the relief association fund.

Costs associated with the payment of the affiliated fire company's bond policy premium and the payment of sales tax do not qualify as authorized volunteer firefighters' relief association expenditures; consequently, these expenditures are not authorized under the VFRA Act.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Cause: The relief association indicated that the affiliated fire company's bond premium was incorrectly invoiced to the relief association and that the sales tax was incurred on online purchases.

Effect: As a result of the unauthorized expenditures, relief association funds were not available for investment purposes or for expenditures authorized by the VFRA Act. In addition, because of stipulations within the VFRA Act, failure to obtain reimbursement of the unauthorized expenditure may result in a withholding of future state aid allocations until the monies related to the unauthorized expenditures identified in the finding have been reimbursed to the relief association.

Recommendation: We recommend that the relief association be reimbursed \$607 and \$14 for unauthorized expenditures identified during the current audit period and post-audit period, respectively. We further recommend that relief association officials become familiar with Section 7416(f) of the VFRA Act to aid them in determining the propriety of future expenditures. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management Response: Relief association management agreed with the finding as presented at the audit exit conference and, as a result of our audit, the relief association was reimbursed \$621 by the affiliated fire company.

Auditor's Conclusion: We reviewed documentation verifying reimbursement of \$621 received from the affiliate fire company. Compliance for authorized expenditures made during the next audit period will be subject to verification.

Finding No. 3 – Failure To Update Relief Association Bylaws

Condition: The relief association's existing bylaws contain outdated language related to conducting business based on Act 84 of June 11, 1968, rather than the VFRA Act.

Criteria: Prudent business practice dictates that the relief association should update its bylaws to ensure that the relief association conducts its affairs in compliance with the VFRA Act.

Cause: The relief association officials did not provide a reason why it has not updated its bylaws to comply with the VFRA Act.

CORNPLANTER TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 3 – (Continued)

Effect: As a result of the relief association not updating its bylaws, the relief association may not have conducted its affairs in compliance with the VFRA Act.

Recommendation: We recommend that the relief association officials review and update the bylaws governing its organization to ensure it conducts its affairs in accordance with the VFRA Act. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification during the next audit.
