TIMOTHY L. DEFOOR
AUDITOR GENERAL

Mr. Matthew Rea, President
Franklin Township Volunteer Firemen's
Relief Association
Erie County

We have conducted a compliance audit of the Franklin Township Volunteer Firemen's Relief Association (relief association) for the period January 1, 2023, to December 31, 2024. The audit was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania; Section 403 of The Fiscal Code, 72 P.S. § 403; and the Volunteer Firefighters' Relief Association Act ("VFRA Act"), see 35 Pa.C.S. § 7418.

The objective of the audit was to determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds.

Our audit was limited to the areas related to the objective identified above and was not, nor was it required to be, conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

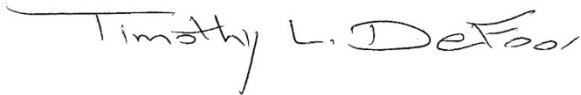

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief association funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objective. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2023, to December 31, 2024, the relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds, except as noted in the findings listed below and discussed later in this report.

Finding No. 1 – Failure To Conduct An Annual Physical Inventory Of Equipment

Finding No. 2 – Failure To Update Relief Association Bylaws

The contents of this report were discussed with the management of the relief association and, where appropriate, their responses have been included in the report. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania,¹ Section 403 of The Fiscal Code,² and the Volunteer Firefighters' Relief Association Act ("VFRA Act"),³ the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, commonly referred to as Act 205,⁴ are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the relief association officers therefore have a responsibility to the public to conduct the relief association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all relief association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the relief association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

FRANKLIN TOWNSHIP VOLUNTEER FIREMEN'S RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No 1 – Failure To Conduct An Annual Physical Inventory Of Equipment

Condition: The relief association officials failed to provide evidence that it conducted an annual physical inventory of equipment and to ensure such inventory accounted for all equipment owned by the relief association.

Criteria: Prudent business practice dictates that the relief association establish adequate internal control procedures to ensure a complete and accurate cumulative roster of equipment purchased by the relief association is maintained and that, at least once a year, the relief association performs and documents a physical inventory of all equipment. The results of the physical inventory should be noted, dated, and signed on the cumulative equipment roster and recorded in the meeting minutes of the relief association.

Cause: The relief association officials did not provide a reason why this occurred.

Effect: Failure to perform an annual physical inventory of equipment prevents adequate accountability for, and safeguarding of, relief association assets.

Recommendation: We recommend that the relief association officials ensure an annual physical inventory of all relief association equipment is performed and documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification during the next audit.

Finding No. 2 – Failure To Update Relief Association Bylaws

Condition: The relief association's existing bylaws contain outdated language related to conducting business based on Act 84 of June 11, 1968, rather than the VFRA Act.

Criteria: Prudent business practice dictates that the relief association should update its bylaws to ensure that the relief association conducts its affairs in compliance with the VFRA Act.

FRANKLIN TOWNSHIP VOLUNTEER FIREMEN'S RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Cause: The relief association officials stated that their bylaws are very old and need to be updated. However, they did not provide a reason why the bylaws have not been updated.

Effect: As a result of the relief association not updating its bylaws, the relief association may not have conducted its affairs in compliance with the VFRA Act.

Recommendation: We recommend that the relief association officials review and update the bylaws governing its organization and establish guidelines and procedures to ensure it conducts its affairs in compliance with the VFRA Act. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

Auditor's Conclusion: Compliance will be subject to verification during the next audit.
