AUDITOR GENERAL**

The Honorable Mayor and Borough Council
North Apollo Borough
Armstrong County
North Apollo, PA 15673

We have conducted a compliance audit of the North Apollo Borough Police Pension Plan pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior report, we inquired of plan officials and evaluated supporting documentation provided by officials evidencing that the suggested corrective action has been appropriately taken. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- For the period January 1, 2024 to December 31, 2025, we determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt.
- For the period January 1, 2021 to December 31, 2025, we determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- For the period January 1, 2024 to December 31, 2025, we determined that there were no employee contributions required by the plan's governing document and applicable laws and regulations.
- For the period January 1, 2024 to December 31, 2025, we determined that there were no benefit calculations prepared.
- We determined whether the January 1, 2021 actuarial valuation report was prepared and submitted by March 31, 2022 in accordance with Act 205 and whether selected information provided on this report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.

Borough officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the North Apollo Borough Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objectives.

The results of our procedures indicated that, in all significant respects, the North Apollo Borough Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies for the periods noted above, except as noted in the following finding further discussed later in this report:

Finding – Noncompliance With Prior Recommendation - Failure To Adopt
Mandatory Professional Services Contract Provisions Of Act 205

The finding contained in this audit report repeats a condition that was cited in our previous report that has not been corrected by borough officials. We are concerned by the borough's failure to correct this previously reported finding and strongly encourage timely implementation of the recommendation noted in this audit report.

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of North Apollo Borough and, where appropriate, their responses have been included in the report. We would like to thank borough officials for the cooperation extended to us during the conduct of the audit.

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the North Apollo Borough Police Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 767 et seq.

The North Apollo Borough Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Resolution No. 8 of 2020 and a separately executed plan agreement with the plan's custodian adopted pursuant to Act 600. The plan was established December 21, 1965. Active members are not required to contribute to the plan. As of December 31, 2025, the plan had no active members, no terminated members eligible for vested benefits in the future, and no retirees receiving pension benefits.

On September 12, 2022, the North Apollo Borough Council voted to purchase an annuity for the payment of cost of living adjustments to the only remaining plan member, who retired in 2006. Remaining pension plan assets in the amount of \$43,334 were liquidated towards the purchase of the annuity, the remainder of which was funded by the borough. The retiree's pension benefits are paid from a previously purchased annuity. In addition, borough officials stated it is their intention to dissolve the police pension plan, however, as of the date of the completion of the current audit, no official action has been taken by the borough council in this regard.

NORTH APOLLO BOROUGH POLICE PENSION PLAN
STATUS OF PRIOR FINDING

Noncompliance With Prior Recommendation

North Apollo Borough has not complied with the prior recommendation concerning the following as further discussed in the Finding and Recommendation section of this report:

- Failure To Implement Mandatory Act 44 Procedures For The Procurement Of Professional Services

NORTH APOLLO BOROUGH POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Noncompliance With Prior Recommendation - Failure To Adopt Mandatory Professional Services Contract Provisions Of Act 205

Condition: As previously disclosed in the prior report, the borough was notified of the amendments to Act 205 regarding the procurement of professional services contracts, and it was recommended that the borough adopt the mandatory provisions, accordingly. However, during the current period subject to audit, the borough again failed to adopt such mandatory provisions.

Criteria: Section 701-A of Act 205 defines a “Professional Services Contract” as follows:

“Professional services contract.” A contract to which the municipal pension system is a party that is:

- (1) for the purchase or provision of professional services, including investment services, legal services, real estate services and other consulting services; and
- (2) not subject to a requirement that the lowest bid be accepted.

In addition, Section 702-A (a) of Act 205 states, in part:

Each municipal pension system ... shall develop procedures to select the most qualified person to enter into a professional services contract. The procedures shall ensure that the availability of a professional services contract is advertised to potential participants in a timely and efficient manner. Procedures shall include applications and disclosure forms to be used to submit a proposal for review and to receive the award of a professional services contract.

Additionally, Section 702-A (c), (e), (f), and (h) state, in part:

Review. Procedures to select the most qualified person shall include a review of the person’s qualifications, experience and expertise and the compensation to be charged.

Conflict of interest. The municipal pension system shall adopt policies relating to potential conflicts of interest in the review of a proposal or the negotiation of a contract.

Public information. Following the award of a professional services contract, all applications and disclosure forms shall be public except for proprietary information or other information protected by law.

NORTH APOLLO BOROUGH POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Notice and summary. The relevant factors that resulted in the award of the professional services contract must be summarized in a written statement to be included in or attached to the documents awarding the contract. Within ten days of the award of the professional services contract, the original application, a summary of the basis for the award and all required disclosure forms must be transmitted to all unsuccessful applications and posted on the municipal pension system's Internet website, if an Internet website is maintained, at least seven days prior to the execution of the professional services contract.

Section 703-A (c) states, in part:

Upon the advertisement for a professional services contract by the municipal pension system, the contractor may not cause or agree to allow a third party to communicate with officials or employees of the municipal pension system except for requests for technical clarification.

Cause: Borough officials did not provide a reason for why they again failed to establish adequate internal control procedures to ensure compliance with provisions of Act 205 as previously recommended.

Effect: The borough's failure to adopt the required provisions of Act 205 regarding the procurement of professional investment and advisory services for the pension plan could result in noncompliance with the Act's requirements resulting in a potential lack of transparency of the actions taken by plan officials relative to awarding investment and advisory services contracts for the plan.

Recommendation: We again recommend that municipal officials obtain a comprehensive understanding of Act 205 provisions for the procurement of professional services. Borough officials should develop and implement formal written procedures to ensure compliance with Act 205. Procedures should include the maintaining of appropriate and sufficient supporting documentation evidencing every phase of the process in the awarding of future professional services contracts for the pension plan. Supporting documentation should include, but is not limited to authorizations/approvals of borough officials in the official minutes of formal board meetings and the required notifications and disclosure responsibilities. This ensures the transparency of the actions taken by plan officials relative to the awarding of such professional services contracts.

FINDING AND RECOMMENDATION

Finding – (Continued)

Management's Response: Municipal officials agreed with the finding and recommendation without exception.

Auditor's Conclusion: We are concerned that the municipality has not complied with the prior audit recommendation and encourage compliance at the earliest opportunity to do so.

SUPPLEMENTARY INFORMATION
(UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2017, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-17	\$ 48,798	\$ 51,391	\$ 2,593	95.0%
01-01-19	48,105	55,987	7,882	85.9%
01-01-21	53,937	54,753	816	98.5%

As noted earlier in this report, the pension plan assets were, in effect, liquidated on September 12, 2022. The above represents the funding status of the plan prior to liquidation. The January 1, 2021 actuarial valuation report was the last report filed for this pension plan.

SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.
