TIMOTHY L. DEFOOR AUDITOR GENERAL

Board of Township Supervisors Upper Mount Bethel Township Northampton County Mount Bethel, PA 18343

We have conducted a compliance audit of the Upper Mount Bethel Township Police Pension Plan pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the area related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

· For the period January 1, 2024 to December 31, 2024, we determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the deposit date of state aid and determining whether deposits were made within 30 days of receipt.

- For the period January 1, 2024 to December 31, 2024, we determined whether employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- · For the period January 1, 2024 to December 31, 2024, we determined that there were no employee contributions required due to the fact that, effective August 31, 1996, the township disbanded the police department and there are no longer any active employees.
- For the period January 1, 2024 to December 31, 2024, we determined whether retirement benefits calculated for the plan member who retired during the period noted represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the pension benefits due to the retired individual and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to the recipient.
- · We determined whether the January 1, 2023 actuarial valuation report was prepared and submitted by March 31, 2024 in accordance with Act 205 and whether selected information provided on this report is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- For the period January 1, 2024 to December 31, 2024, we determined whether the terms of the plan's unallocated insurance contract, including ownership and any restrictions, were in compliance with plan provisions, investment policies, and state regulations by comparing the terms of the contract with the plan's provisions, investment policies, and state regulations.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Upper Mount Bethel Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Upper Mount Bethel Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies for the periods noted above, except as noted in the following finding further discussed later in this report:

Finding – Pension Benefit Not Authorized By Act 600 And The Plan's Governing Document

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Upper Mount Bethel Township and, where appropriate, their responses have been included in the report. We would like to thank township officials for the cooperation extended to us during the conduct of the audit.

Report Distribution List	8

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Upper Mount Bethel Township Police Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 767 et seq.

The Upper Mount Bethel Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 92-3, as amended, adopted pursuant to Act 600. The plan was established January 1, 1978. The Upper Mount Bethel Police Department was disbanded as of August 31, 1996. As of December 31, 2024, the plan had no active members, no terminated members eligible for vested benefits in the future, and two retirees receiving pension benefits from the plan.

UPPER MOUNT BETHEL TOWNSHIP POLICE PENSION PLAN FINDING AND RECOMMENDATION

Finding - Pension Benefit Not Authorized By Act 600 And The Plan's Governing Document

Condition: The township is paying pension benefits not authorized by Act 600 and the plan's governing document to a police officer who was furloughed when the township disbanded the police department on August 31, 1996. The former police officer had only 7 years of service with the police department as of that date and was not entitled to a pension benefit. The township and the Upper Mount Bethel Police Association entered into a Memorandum of Understanding (MOU) dated February 12, 2024 which granted prior police service credit to permit the former police officer to vest his pension with the township and become eligible to begin collecting a vested pension benefit effective July 1, 2016. Both Act 600 and the plan's governing document provide for a vested pension benefit only after 12 years of service.

Criteria: Section 5(h) of Act 600 states, in part:

....should a police officer, before completing superannuation retirement age and service requirements but after having completed twelve years of total service, for any reason cease to be employed as a full-time police officer by the municipality or regional police department in whose pension fund he has been a member, he shall be entitled to vest his retirement benefits by filing with the governing body within ninety days of the date he ceases to be a full-time police officer a written notice of his intention to vest....

In addition, Section 4.5 of the plan's governing document, Ordinance No. 92-3, as amended by Section 1 (C) of Ordinance No. 95-03, states, in part:

...all benefits granted herein shall vest in the Participant upon completion of twelve (12) years of service.

<u>Cause</u>: According to the MOU, the parties wished to avoid the uncertainty, delay and expense of litigation related to a charge of unfair labor practices and desired to resolve all pending issues and disputes.

Effect: The plan is paying unauthorized pension benefits to the former police officer in the amount of \$1,149 per month. Based on the provisions of the MOU, which made the benefit payable retroactive to July 1, 2016, the plan has paid unauthorized benefits in the amount of \$122,915 as of the date of this report.

UPPER MOUNT BETHEL TOWNSHIP POLICE PENSION PLAN FINDING AND RECOMMENDATION

<u>Finding – (Continued)</u>

Providing unauthorized pension benefits increases the plan's pension costs and reduces the amount of funds available for investment purposes or for the payment of authorized benefits or administrative expenses. Since the township did not receive state aid for its pension plan during the current audit period, it did not receive allocations attributable to the unauthorized pension benefits provided. However, the increased costs to the pension plan as a result of the unauthorized pension benefits could result in the receipt of excess state aid in the future and increase the municipal contributions necessary to fund the plan in accordance with Act 205 funding standards.

Recommendation: We recommend that the township comply with Act 600 at its earliest opportunity to do so. To the extent that the township is not in compliance with Act 600 and/or is contractually obligated to pay benefits to existing retirees in excess of those authorized by Act 600, the excess benefits must be reflected in the Act 205 actuarial valuation reports for the plan and funded in accordance with Act 205 funding standards. Furthermore, such benefits will be deemed ineligible for funding with state pension aid. In such case, the plan's actuary may be required to determine the impact, if any, of the excess benefits on the township's future state aid allocations and submit this information to the Department. If it is determined the excess benefits had an impact on the township's future state aid allocations after the submission of this information, the plan's actuary would then be required to contact the Department to verify the overpayment of state aid received and the township would be required to reimburse the overpayment to the Commonwealth.

Management's Response: Municipal officials agreed with the finding without exception.

Auditor's Conclusion: Compliance will be evaluated during our next audit of the plan.

UPPER MOUNT BETHEL TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2019, is as follows:

	(1)	(2)	(3)	(4)
			Unfunded	
		Actuarial	(Assets in	
		Accrued	Excess of)	
	Actuarial	Liability	Actuarial	
Actuarial	Value of	(AAL) -	Accrued	Funded
Valuation	Assets	Entry Age	Liability	Ratio
Date	(a)	(b)	(b) - (a)	(a)/(b)
01-01-19	\$ 552,295	\$ 185,548	\$ (366,747)	297.7%
01-01-21	651,132	137,183	(513,949)	474.6%
01-01-23	537,502	124,343	(413,159)	432.3%

UPPER MOUNT BETHEL TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

UPPER MOUNT BETHEL TOWNSHIP POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

SCHEDULE OF CONTRIBUTIONS FROM EMPLOYER AND OTHER CONTRIBUTING ENTITIES

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2019	None	N/A
