TIMOTHY L. DEFOOR AUDITOR GENERAL

**Independent Auditor's Report** 

The Honorable Michael Carroll Secretary Department of Transportation Harrisburg, PA 17120

We have examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Lansdowne, Delaware County, for the period January 1, 2023 to December 31, 2024. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with ethical requirements relating to the engagement.

As described in the Auditor Description of Select Transactions section of this report, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

### <u>Independent Auditor's Report (Continued)</u>

In our opinion, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Lansdowne, Delaware County, for the period January 1, 2023 to December 31, 2024, in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*.

In accordance with Government Auditing Standards, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws, regulations, contracts, or grant agreements that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions. The results of our tests did not disclose any matters that are required to be reported under Government Auditing Standards. However, we did note matters that, while not required to be included in this report by Government Auditing Standards, have been included in the findings below:

- Liquid Fuels Money Transferred To The General Fund.
- Non-permissible Expenditure.

Timothy L. Detool

The purpose of this report is to provide information related to the municipality's Liquid Fuels Tax Fund to assist the Pennsylvania Department of Transportation in fulfilling its regulatory authority as described in the laws and regulations identified in the Background section of this report and the Pennsylvania Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of Lansdowne, Delaware County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

Timothy L. DeFoor Auditor General

### Background

The Liquid Fuels Tax Municipal Allocation Law<sup>1</sup> provides municipalities other than counties (i.e., townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based upon: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage maintained by all political subdivisions making application in the county; and (2) 50 percent on the proportion of a municipality's population to the total population of all municipalities making application in the state.<sup>2</sup>

Section 9511 (relating to Allocation of proceeds) of the Pennsylvania Vehicle Code provides municipalities with annual maintenance payments to be received from the Motor License Fund.<sup>3</sup>

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).

<sup>&</sup>lt;sup>1</sup> 72 P.S. § 2615.1 et seq., Act 655 of 1956, as amended.

<sup>&</sup>lt;sup>2</sup> 75 Pa.C.S. § 9010(c)(1)-(2) as last amended by Act 89 of 2013.

<sup>&</sup>lt;sup>3</sup> 75 Pa.C.S. § 9511, as last amended by Act 89 of 2013 and Act 101 of 2016, *See also* 72 P.S. § 2615.4, as last amended by Act 42 of 2013.

### Background (Continued)

- 2. Make deposits and payments or expenditures in compliance with Act 655, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts that can be placed into the Liquid Fuels Tax Fund.
- 3. Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition By March 15<sup>th</sup>.
- 4. Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- 5. Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

### Criteria

The criteria for the Form MS-965 With Adjustment are described below.

Section 1 of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

• Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2021	2022	2023	2024
\$11,500.00	\$11,800.00	\$12,200.00	\$12,600.00

• Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2021	2022	2023	2024
\$11,500.00	\$11,800.00	\$12,200.00	\$12,600.00

• Agility projects are exchanges of services with the Department of Transportation.

### Background (Continued)

Section 2 of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

Section 3 of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

### Background (Continued)

### Basis of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity's financial activities.

### Basis Of Accounting

The accompanying Forms MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

### General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

The following information relates to certain types of transactions for which the Pennsylvania Department of Transportation requested that we provide additional detail.

### **Adjustments**

### 2024 - Section 1

An adjustment of \$(4,991.36) was made to "Repairs of tools and machinery" because check No. 2179 was voided but was included as an expenditure.

An adjustment of \$11,178.00 was made to "Miscellaneous" because a transfer to the General Fund was not reported.

### Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

# BOROUGH OF LANSDOWNE DELAWARE COUNTY LIQUID FUELS TAX FUND FINDINGS AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2023 TO DECEMBER 31, 2024

### Finding No. 1 - Liquid Fuels Money Transferred To The General Fund

Our examination disclosed that on January 2, 2024, the municipality transferred \$11,178.00 of Liquid Fuels Tax Fund money to the General Fund, which is in noncompliance with the Liquid Fuels Tax Municipal Allocation Law.

The practice of transferring liquid fuels money into any account other than the Liquid Fuels Tax Fund account is contrary to the Act of June 1, 1956, P.L. (1955) 1944, 72 P.S. § 2615.5, known as the Liquid Fuels Tax Municipal Allocation Law, which states:

...each city, borough, town and township, shall ... Establish and maintain a special fund into which the moneys [liquid fuels tax funds] ... shall be deposited and into which no other moneys may be deposited or commingled . . .

We were unable to determine the cause of this condition.

The risk that Liquid Fuels Tax Fund money may be used for unauthorized purposes increases when liquid fuels money is commingled with other funds.

The failure to follow the Liquid Fuels Tax Municipal Allocation Law as noted above could result in the municipality having to reimburse \$11,178.00 to its Liquid Fuels Tax Fund.

### Recommendations

We recommend that the municipality reimburse \$11,178.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that the municipality discontinue the practice of transferring Liquid Fuels Tax Fund money to other funds unless it is for the reimbursement of permissible Liquid Fuels Tax Fund expenditures.

### Management's Response

The municipal officials offered no formal response at this time.

### <u>Auditor's Conclusion</u>

During our next examination, we will determine if the municipality complied with our recommendations.

# BOROUGH OF LANSDOWNE DELAWARE COUNTY LIQUID FUELS TAX FUND FINDINGS AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2023 TO DECEMBER 31, 2024

### Finding No. 2 - Non-permissible Expenditure

We tested 43 expenditures totaling \$846,175.03 and found that the municipality made one expenditure of \$1,430.00 during 2024 from the Liquid Fuels Tax Fund for engineering services for repairs to a municipal parking lot, which is a non-permissible expenditure.

The Liquid Fuels Tax Municipal Allocation Law, 72 P.S. § 2615.4, provides, in part, that monies herein allocated may be used only for construction, reconstruction, maintenance, and repairs of such public roads or streets, including bridges, culverts and drainage structures, for which they are legally responsible. Also permitted are expenditures involving acquisition, maintenance, repairs and operation of street signs, traffic signs, traffic signal control systems, road equipment, and snow fences.

The Department of Transportation has been statutorily authorized to promulgate regulations concerning the administration of Liquid Fuels Tax Fund money and has determined that certain items, including engineering services for repairs to a municipal parking lot, are outside the scope of permissible expenditures.

We were unable to determine the cause of this condition.

The failure to follow the Liquid Fuels Tax Municipal Allocation Law and the Department of Transportation's Regulations as noted above could result in the municipality having to reimburse \$1,430.00 to its Liquid Fuels Tax Fund.

### Recommendations

We recommend that the municipality reimburse \$1,430.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that the municipality comply with the Liquid Fuels Tax Municipal Allocation Law and the Department of Transportation's Regulations regarding permissible expenditures.

### Management's Response

The municipal officials offered no formal response at this time.

### Auditor's Conclusion

During our next examination, we will determine if the municipality complied with our recommendations.

### BOROUGH OF LANSDOWNE DELAWARE COUNTY LIQUID FUELS TAX FUND SUMMARY OF PRIOR EXAMINATION RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2023 TO DECEMBER 31, 2024

### Summary Of Prior Examination Recommendations

In our prior report, we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$4,930.00 to its Liquid Fuels Tax Fund for over expending on a project.

During our current examination, we reviewed a letter dated April 19, 2024, from the Department of Transportation directing the municipality to reimburse \$4,930.00 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on April 25, 2024.

In our prior report, we also recommended that the municipality only expend the approved amount of Liquid Fuels Tax Fund money on road construction projects.

During our current examination, we noted that the municipality complied with our recommendations.
