Re: UPMC St. Margaret

Dear Mr. Hill:

The Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., mandated the Department of Human Services (DHS) to make payments to hospitals for a portion of uncompensated care services provided by these facilities. Hospitals that qualify can receive payments using either an uncompensated care approach or an extraordinary expense approach. The uncompensated care approach is based on the hospital's uncompensated care score. The uncompensated care score is determined by using three-year averages from five main data elements (for a total of fifteen data elements). These data elements are uncompensated care costs, net patient revenues, Medicare supplemental security income (Medicare SSI) days, Medical Assistance (MA) days and total inpatient days. The extraordinary expense approach is based on the total costs of the qualified claims. Qualified claims are those claims in which the cost of the claim exceeds twice the average cost of all claims for that particular facility and for which the hospital provided inpatient services to an uninsured patient.

Upon request from DHS, we developed procedures to be performed for each facility that may be eligible to receive a payment for the provision of uncompensated care services to determine the eligibility of reported claims and the accuracy of days data reported by the facility. DHS agreed that the procedures were appropriate to meet its needs and approved the procedures. We obtained records from UPMC St. Margaret (facility) and performed the established procedures to substantiate the claims data and days data it submitted to the Pennsylvania Health Care Cost Containment Council (PHC4) and DHS, respectively.<sup>1</sup>

---

<sup>1</sup> This engagement was not required to be and was not conducted in accordance with professional auditing or attestation standards.

The purpose of this engagement was to determine whether this facility reported any potentially eligible extraordinary expense claims for the fiscal year ended June 30, 2023 and, if so, verify whether corresponding patients were uninsured and the facility received no compensation from third party payers such as Medicare, Medicaid, or Blue Cross. Payments made by the patients themselves toward their financial obligations may have reduced the allowable costs of the respective claim when determining eligibility. We also determined whether this facility could substantiate total inpatient days and total MA days as reported on its submitted MA-336 cost reports, if filed with DHS, for the fiscal year ended June 30, 2022. We obtained computer processed data from the facility (i.e. account notes and billing information for claims and census reports for days) to determine the eligibility of reported claims and the accuracy of days data reported by the facility. Because of the extensive amount of time that would be required to visit the facility and perform procedures to evaluate the reliability of this data in the facility’s information system, DHS management stated that the performance of such procedures is not necessary to meet DHS’ needs. As such, we have classified this computer processed data as data of undetermined reliability.

The results of our procedures are as follows:

**For Reported Claims:**

Based on the PHC4 claims database for the fiscal year ended June 30, 2023, the facility reported two potentially eligible extraordinary expense claims. The results of our procedures disclosed that both reported potentially eligible extraordinary expense claims met the criteria to qualify as extraordinary expense claims. The chart below details our results and explains any adjustments that your facility should make to the PHC4 Database. Since we determined that both reported claims submitted by the facility qualify as extraordinary expense claims, this facility could be eligible for payment under the extraordinary expense method for the 2025 Tobacco Settlement Payment Year.

Claim No.	Originally Reported Total Charges	Substantiated Total Charges Based on Account Notes	Patient Payments Applied to Account	Qualify (Yes/No) – Reason for Not Qualifying	Adjustment(s) Needed
1	\$217,060.25	\$217,060.25	\$0.00	Yes	Not Applicable
2	\$214,851.75	\$183,359.17	\$0.00	Yes	An adjustment is needed to total charges

**For Total Inpatient Days and Total MA Days:**

For the total inpatient days and total MA days for fiscal year ended June 30, 2022, our results are as follows:

For FYE 6/30/22	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
Total Inpatient Days	46,793	46,793	Not Applicable

For FYE 6/30/22	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
FFS Days	222	222	Not Applicable

For FYE 6/30/22 HMO Days	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
Best Healthcare	2,916	2,916	Not Applicable
Gateway Health Plan	824	824	Not Applicable
MedPlus	272	272	Not Applicable
Aetna	135	22	No Overall Variance
SM Other PA MA MGD	36	149	

For FYE 6/30/22 OOS Days	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
New York	1	1	Not Applicable
Ohio	20	20	Not Applicable
Pennsylvania <sup>2</sup>	8	8	Not Applicable
Puerto Rico	7	7	Not Applicable

PHC4 will contact you with instructions regarding entering adjustments to your facility's originally submitted claims during the self-verification process. The facility's failure to remove any claims identified as not qualifying as extraordinary expense claims from the PHC4 self-pay claims listing during the self-verification process will result in the facility's records in the PHC4 database being inaccurate and DHS concluding that the facility is ineligible for payment under the extraordinary expense method. In addition to completing adjustments in the PHC4 database, any revisions to originally submitted days data on your facility's MA-336 Cost Report should be submitted through the iPACRs system based on the results of our procedures.

We are in the process of conducting engagements for all facilities that are potentially eligible for a 2025 Tobacco Settlement subsidy entitlement payment. After all the engagements are completed, we will prepare for DHS' use a report detailing the results of all of our engagements.

DHS will use each hospital's verified PHC4 database and revised MA-336 Cost Report to pull reported claims and number of days to calculate this facility's eligibility to receive, and if deemed eligible, its subsidy entitlement under both the extraordinary expense and uncompensated care methods. If eligible under both methods, DHS will allow the facility to choose the method to be used to calculate the facility's 2025 Tobacco Settlement subsidy entitlement payment. DHS establishes the date that these payments will be distributed to all eligible hospitals.

<sup>2</sup> The out-of-state days that are listed as Pennsylvania are for patients with out-of-state insurance but reside in Pennsylvania.

As a reminder, this facility was to submit, by October 31, 2024, any claims coded as having Medicare, Medicaid, or any other insurance when submitted to the PHC4 for the fiscal year ended June 30, 2023, which the facility believed qualified as self-pay claims, and which had total charges above the facility's threshold of \$158,313.91; we refer to these types of claims as "additional claims." As of October 31, 2024, UPMC St. Margaret had not submitted any additional claims.

We thank the staff of UPMC St. Margaret for the cooperation extended to us during the course of our engagement. If you have any questions, please feel free to contact the Bureau of County Audits – Hospital and Tobacco Division at 717-787-1159.

Sincerely,

A handwritten signature in black ink that reads "Timothy L. DeFoor". The signature is written in a cursive style with a horizontal line above the first few letters.

Timothy L. DeFoor
